PROJECTS

Typing Speed Test APP   01 Aug, 2025 - 07 Aug, 2025
Project Link: https://hrithik0406.github.io/Typing-Speed-Test/TypingTestProject.html

A lightweight and interactive web application built using HTML, CSS, and JavaScript to help users measure and improve their typing speed. The app features a dynamic typing interface, real-time word-per-minute (WPM) calculation, and instant feedback on accuracy. Designed with a clean layout and responsive styling, it offers a smooth user experience across devices. This project highlights my ability to handle DOM manipulation, event handling, and performance optimization in vanilla JavaScript.
